

BE PART OF THE NEW OREGON HISTORY- BUY A WELCOME CENTER PAVER

"BRINGING OUR PAST INTO THE FUTURE"

## Pump House to Become Welcome Center

There are 3 more new reasons to celebrate this month. First, we are now close to raising \$13,000 for the restoration project., thanks to all the great community support. Second, both the Village Historic Preservation Commission and Village Board have endorsed a plan to turn the restored Pump House into a Village Welcome Center. The new center would be used for community activities & events, as well

as a place to direct visitors to all the great events and destinations within the Village. Lastly, we are launching a new fundraising project. Beautiful engraved brick pavers are now for sale to grace the new walkway up to the new Welcome Center. We have 2 sizes available, 8" x 8" paver for \$150, and 8" x 16" for \$275. See the attached sheet for more details on how to reserve your personalized

engraved paver. All paver purchases are tax deductible, and checks should be made payable to: Preserve the Water Tower Water Fund, and be sent to: Oregon Village Hall, 117 Spring Street, Oregon, WI 53575. Yes, I want to be part of the new history of the Oregon Pump House Welcome Center History, I want to purchase an Engraved Paver for the new Welcome Center Walkway

These pavers, which have the look of granite are the best available, Unilock Umbriano pavers in the Midnight Sky color. These pavers also use "endura color" technology to increase the surface quality and duration of a new appearance.

A unique feature of these engraved pavers is that the text is filled with black grout, for enhanced appearance and durability. This is something you rarely find with engraved pavers. These engraved pavers are being offered at a great price.
